Dear Jeff,

I just wanted to thank you and the whole Action Media Productions team for the outstanding work that you have done for Body By Design, Inc.

When I started the film project with your company I had no idea of the amount of work and expertise that it takes to put such a project together and, I have to say I am very, very impressed and thrilled with the end product.

The film is visually stunning and brings across in perfect detail the services that my company provides for those in need of Body By Designs unique services. Your team, and more specifically your willingness to help in the script writing and shot design process was key to helping make the project run smoothly and efficiently, and inspired confidence in me that I had made the right choice for my film.

I am convinced that no one could have done a better job in portraying my vision than Action Media Productions. Rest assured that I will enthusiastically recommend Action Media and its services to anyone I meet with whom your services would be required and needed. Thank you again for your level of expertise and professionalism.

Very truly yours,

Bob Fanelli, M.S.
